The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Q2FY22 Performance...

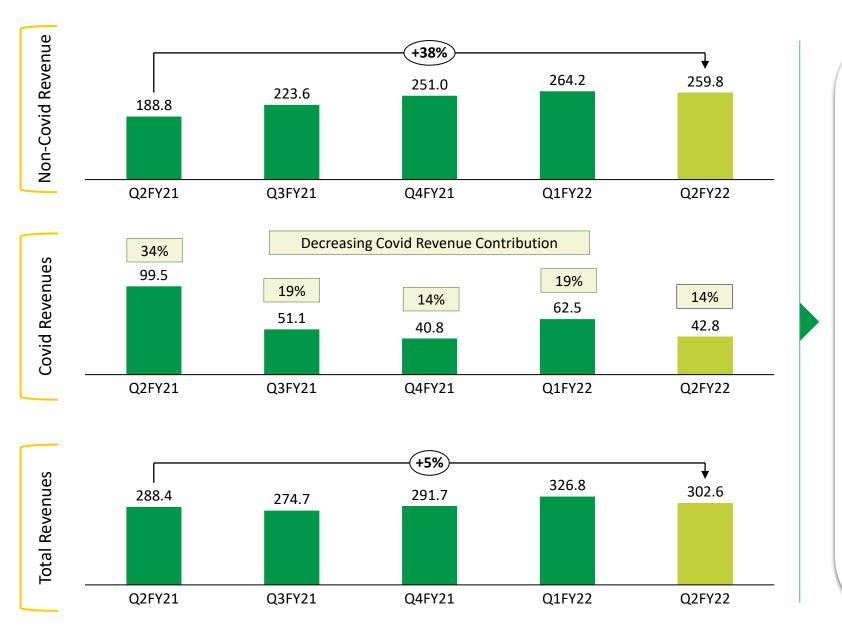

Better Care. Better Diagnosis. Better Treatment.

Non-Covid business grows steadily...

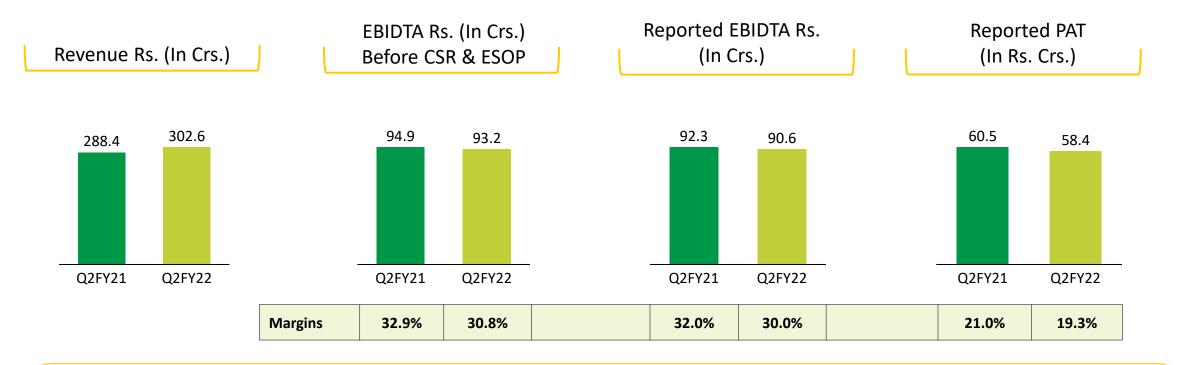

Non-Covid – The sustainable part of the business continues to be resilient

 Non-Covid revenue posts strong growth of 38% YoY on the back of unlocking of economy and easing of covid-19 restrictions

Excluding rub off tests, non-covid revenue has grown even on QoQ basis

- Company's strong brand equity, customer centric service and focus on specialized tests has led to strong sustainable growth in non-covid business
- ✓ Covid-19 revenue decreased sequentially as covid cases reduced during Q2

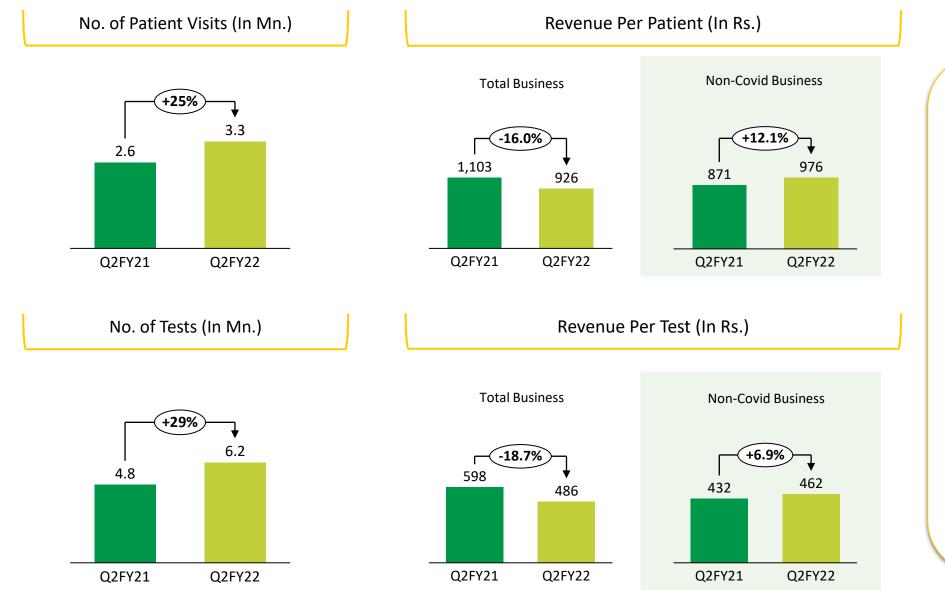

Key Highlights

Revenue increased by 5% YoY on the back of strong growth in non-covid business with higher patient visits & higher number of tests YoY

- ✓ EBITDA margin continues to be at healthy levels inspite of increased investments in new network, marketing costs & increased employee compensation in retention of talent
- With steady growth in non-covid business, higher revenue per patient & test and increased specialized test mix, Profitability will improve steadily in the long term

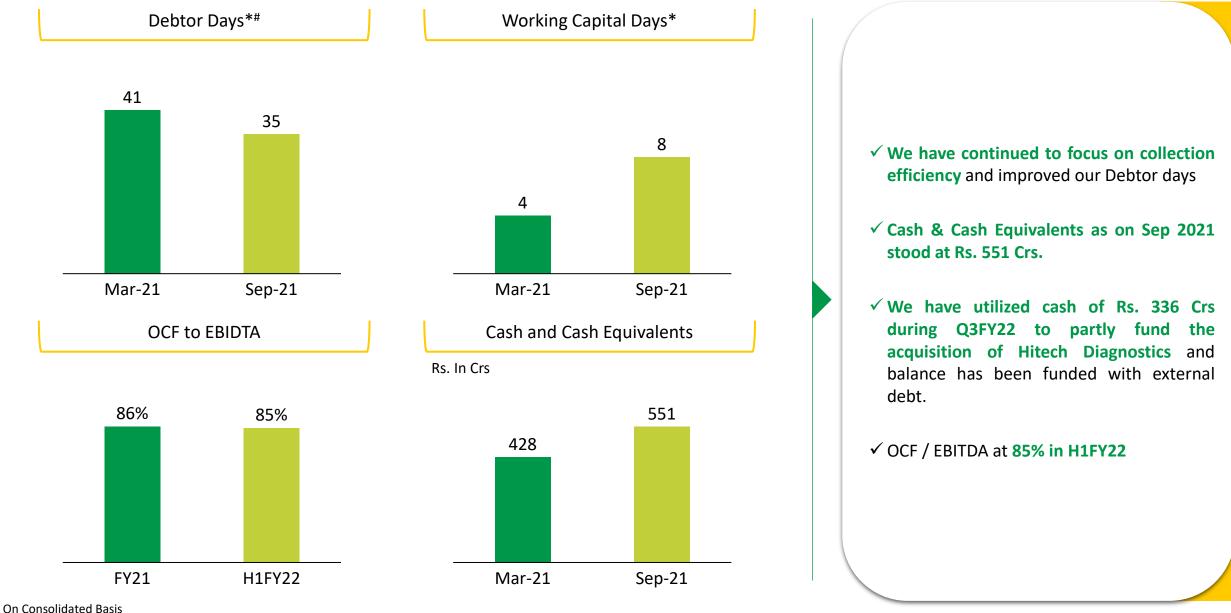

- Overall Revenue growth was lower than corresponding growth in patient visits and tests on account of substantial decrease in covid test prices YoY and lower revenue contribution from covid tests YoY
- ✓ Focus on specialized non-covid tests led to strong growth in Revenue per Patient & Tests for Non-Covid business
- ✓ Overall Revenue per Patient & Test fell on YoY basis due to decreasing prices for covid tests

Steady Focus on Balance Sheet continues

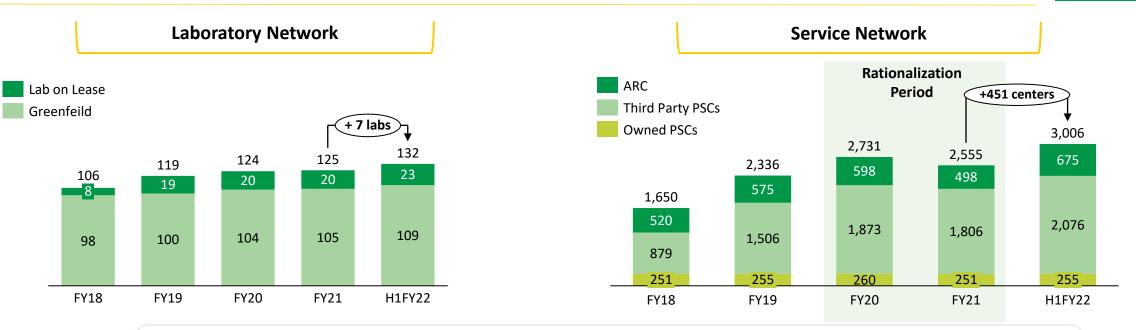

[#]Debtors net of rolling advances

*Calculated on TTM Basis

Network Strategy

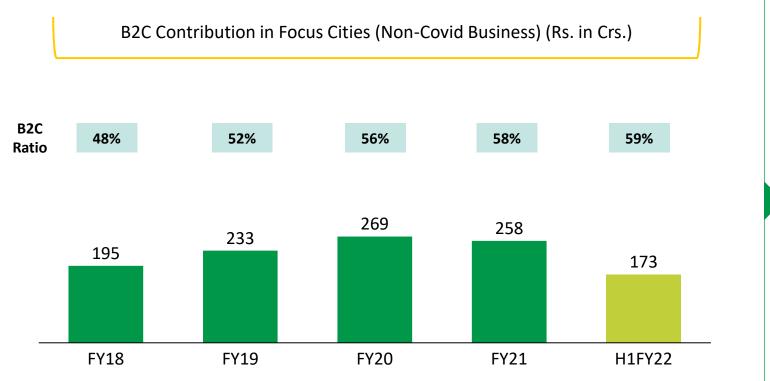

Plan to add 90 labs and 1,800 centers over 3-year period. Added 7 labs & 451 centers in H1FY22.

Plan to add ~15 to 20 labs & 250 to 300 centers in H2FY22.

Network Strategy

- Young Individual Patients Network The average retail centre matures in five years. As the network matures, it is expected to contribute to short and mid term future growth. There is an opportunity for our franchisee network which is opened in last four years to grow as per matured centres.
- Asset Light Network 90.5% of the centre network and 16.1% lab network is asset light. Major addition in the labs in the recent years has been through lab on lease model which is asset light with no capital requirement.
- Rationalization of Service Network Completed Service Network reduced by ~10% between Apr to Sep-20 to optimise the service network. Rationalization exercise is completed and will lead to better productivity and efficiency as well as improvement in Management Bandwidth. Revenue contribution from closure of the Service network was less than 0.5% of total revenue.
- ✓ Network Expansion Started expanding network to newer and strategic locations increasing the service network by ~18% in FY22 YTD

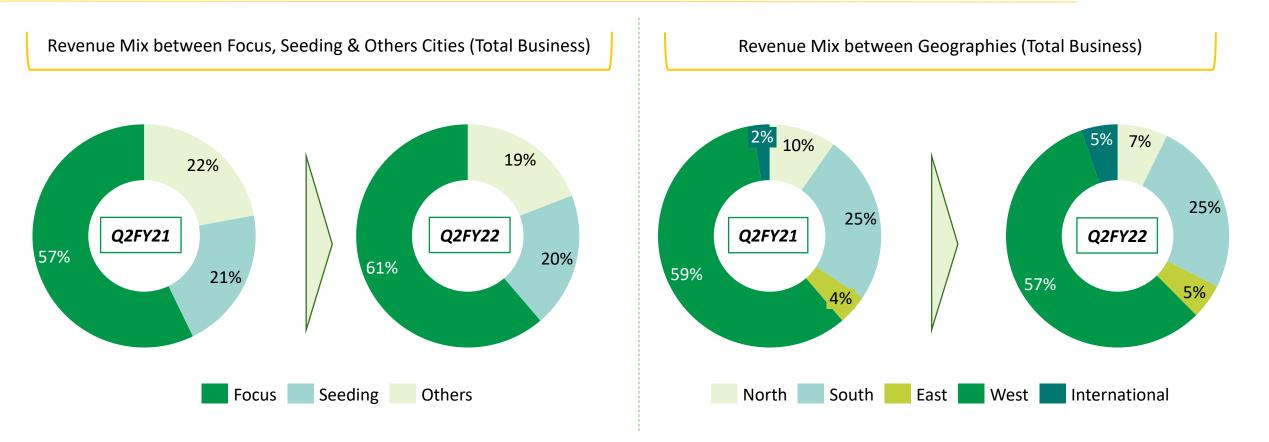

- Excluding Covid-19 revenues, our B2C contribution continues to increase
- Our aspirations is to achieve 65% B2C contribution in focused cities in coming years remains intact, driven by;
 - Aggressive network expansion to go closer to the patient
 - Integrated Brand building campaigns to establish Metropolis as a trusted brand in the mind of consumer and the doctor
 - Building awareness amongst doctors for quality and service differentiators of Metropolis vs the unorganized sector.
 - Obsessively monitoring customer experience and generating a Net Promoters Score (NPS)

Revenue contribution from focus cities increased...

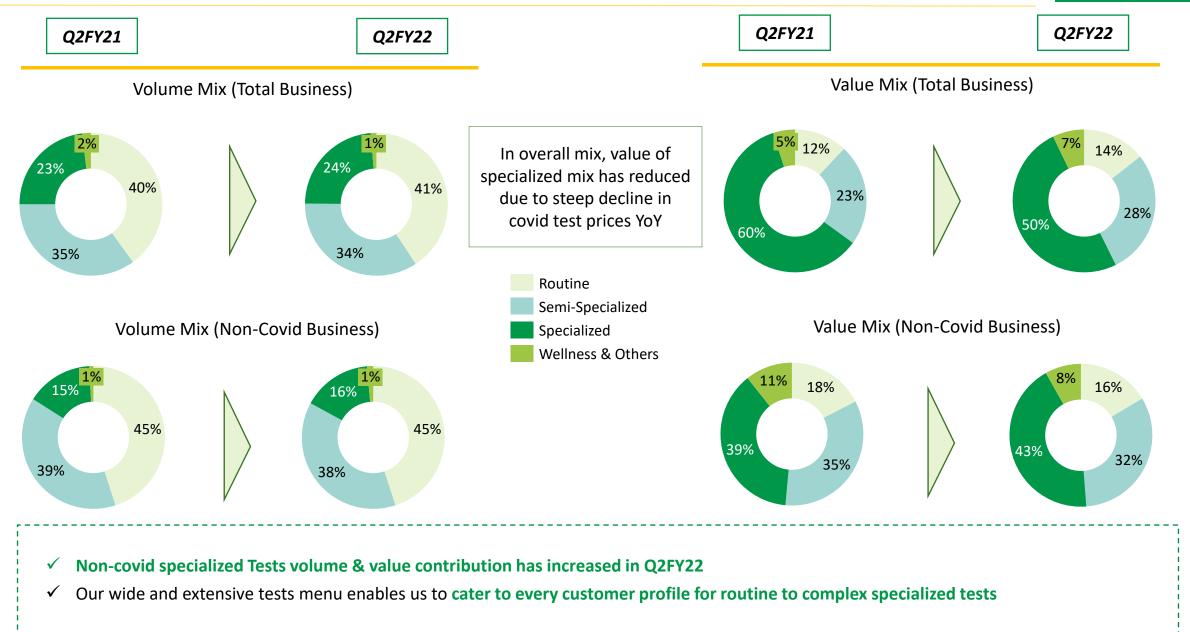

Continue to focus on strengthening the Brand in Focus cities through increase in B2C share while improving the share of Seeding and Other cities through a healthy mix of B2B and B2C driven by our large Test menu

Opportunity to increase market share in focus cities is very high especially through the B2C route and a combination of our young network along with improving revenue per center; this will create a long runway for growth

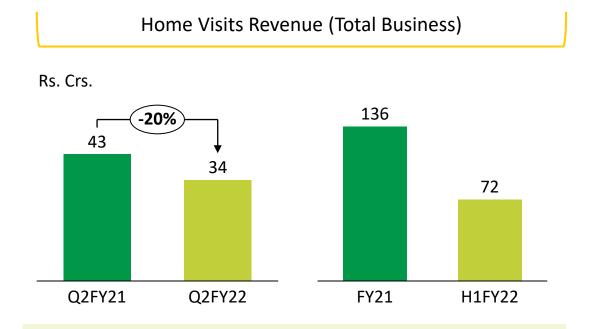

Revenue contribution from Specialized tests (Non-Covid) increased from 39% to 43%

METROP

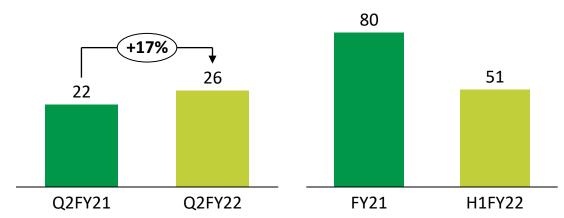

Ramping up Home Testing Business; Sustainable Non-covid business continue to grow strongly

Total home visit revenue is down on account of lower covid home visit testing revenue

Home Visits Revenue (Non-Covid Business)

Rs. Crs.

Non-Covid Home Visits Revenue as a % of Non-Covid B2C business in Q2FY22 at 22%. As lockdown restrictions have lifted, growth has been across home visit and through centers as well.

Increasing Coverage

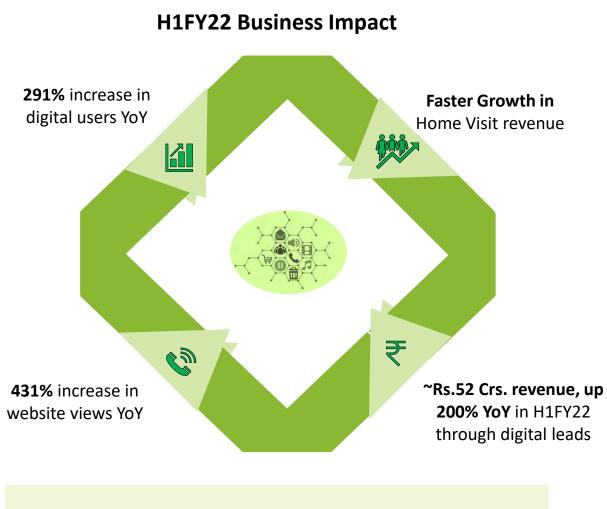

Home Visit services coverage extended to 89 locations as of Sep-21 vs. 64 as on Jun-21

Digital engagement driving huge growth in brand equity

Digital strategy is playing important role & will be the key driver for growth

8% of H1FY22 revenue came through digital leads

Participate in Health Ecosystem

Increase our participations in the growth as health-tech ecosystem expands & in active conversation with all leading platforms and aggregators for connectivity
Launched E-commerce capabilities on web platform

For our Customers

- \checkmark Driving digital discovery of our services so that customers can reach us easily
- Revamping our customer experience with the launch of capabilities like sample tracking and customer-friendly smart reports

For our Partners

- Recently rolled out a "partner platform" for our B2B partners and franchisors to get ready access to services from Metropolis
- \checkmark Roadmap to build home-visit, material and training modules

For our Doctor Partners

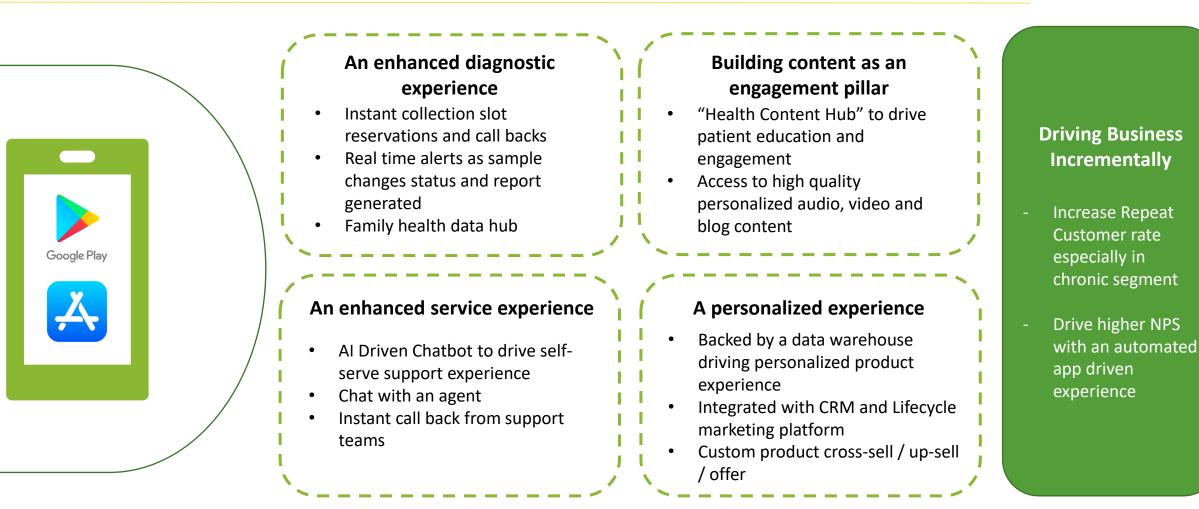

✓ Providing digital experience to doctors to provide an enhanced service to their patients

Make consumer experience more seamless

☆<mark>☆</mark>☆

- ✓ Launched a new Phlebotomist Home-Visit application
- ✓ Launched a new logistics applications for automating our logistics pickup and scheduling
- ✓ Piloting a custom-built CRM to provide a "Customer 360" experience

Development completed for phase 1 of the app (full ecommerce support, content hub, chatbot). Being tested by MHL teams. Soft launch towards end of November followed by full scale launch in Mid-December. In parallel, phase 2 development initiated (personalization and automation)

Completed acquisition of Hitech Diagnostics

About Hitech Diagnostics

Established in 1986, Hitech Diagnostic Centre is a well-known Diagnostics laboratory chain in the South India market with a network of 31 laboratories including 3 NABL and ICMR accredited laboratories and 68 collection centres strategically spread across the states of Tamil Nadu, Karnataka, Kerala, Andhra Pradesh and the Union Territory of Pondicherry.

Presence

Hitech is the 2nd largest player in Chennai behind Metropolis and is a leader in non-Chennai markets in the state of Tamil Nadu. It is a significant player in Bengaluru market.

Customer Profile & Test Menu

Hitech caters to the mid-segment of the market and has a large B2C footprint. It has a Test menu of 1,100+ tests ranging from routine to highly impenetrable molecular & genetic assays.

Management

Hitech Diagnostics was founded by Dr. SP. Ganesan in the year 1986. Dr. Ganesan is an industry veteran with a diploma in clinical pathology and has scaled up this business over last 3 decades

Customer Centric Organization

Focus on providing highest quality pathology services, wide tests portfolio, accuracy in testing in a costeffective manner keeping the customer focus at the centre.

Metropolis acquires Hitech Diagnostics Centre

Metropolis has acquired 100% equity of Dr. Ganesan's Hitech Diagnostic Centre Pvt. Ltd. & its subsidiary Centralab Healthcare Services Private Limited in all cash deal for Rs. 636 Crores. Acquisition has been funded through internal accruals and Debt of Rs. 300 Crores.

Key Highlights of the Acquisition 01

05

02

03

04

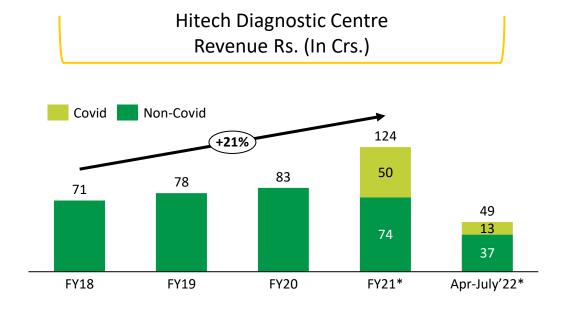

Company enjoys superior ROCE profile of upwards of 30% in past few years; better than most regional players on back of its high quality B2C business and leadership position across its cities of presence

Dr. Ganesan, Promoter and Founder, will be part of the Leadership team for next few years to enable a smooth transition and integration with Metropolis.

Acquisition will allow Metropolis to increase its B2C business in focus cities of Chennai and Bengaluru and enhance its profitability through revenue & cost synergies.

Metropolis will get access to 31 laboratories including 3 NABL and ICMR accredited laboratories and 68 collection centres of Hitech.

Key Financial Highlights of Hitech Diagnostic Centre

- ✓ Strong business momentum continues in FY22 with robust growth across all parameters
- ✓ The EBITDA margins were upwards of 40% in FY21 owing to scale benefits. In pre-covid, EBITDA margins were around 28%-30% on sustainable basis
- ✓ Non-Covid revenue contribution in FY21 stood at healthy ~60%. Non-Covid Revenues have crossed pre-covid levels YoY thus far in Apr-July'22 with 75% revenue contribution

Revenue strategy to aid double digit growth

- Aggressive network expansion first in TN and then in other markets using a dual-brand strategy
- ✓ Widen the Test Menu and improve the Product mix
- ✓ Boost sales by extending Metropolis' digital marketing, app, website and other tools to enhance effectiveness of Hitech's sales effort
 - Using Hitech's local lab infra, improve TAT for customers

Key levers to sustain margins

- ✓ Increase B2C revenue mix from current 65% to over 70%
- Raw Material cost synergies in procurement with economies of scale
- ✓ Better Lab utilization with higher volumes
- Rationalization in Infrastructure, manpower, admin & logistic costs
- ✓ Usage of Metropolis IT systems and processes to improve productivity

Acquisition of Hitech Diagnostics will lead Metropolis to...

Strengthen the Leadership Position

With the acquisition of Hitech Diagnostics, Metropolis will strengthen its position as 2nd largest Diagnostics company in India and largest brand in South and West India. Combined entity will enjoy ~30% market share in Chennai and penetrate into tier 2 and tier 3 cities in India where Metropolis has limited presence.

Increased B2C Contribution in Focus Cities

Hitech is a focused B2C player with 65% revenue contribution from B2C business. Hence, acquisition will allow Metropolis to increase its B2C business in focus cities of Chennai and Bengaluru enhancing the brand equity of Metropolis and the overall profitability of the company.

Deeper Penetration in mid-segment of the market

Hitech has been catering to the mid segment of the market while Metropolis has been focused on the premium end of the market. This enables Metropolis to get access to large customer base in the mid segment without impacting the premium segment leading Metropolis to directly expand its addressable market size.

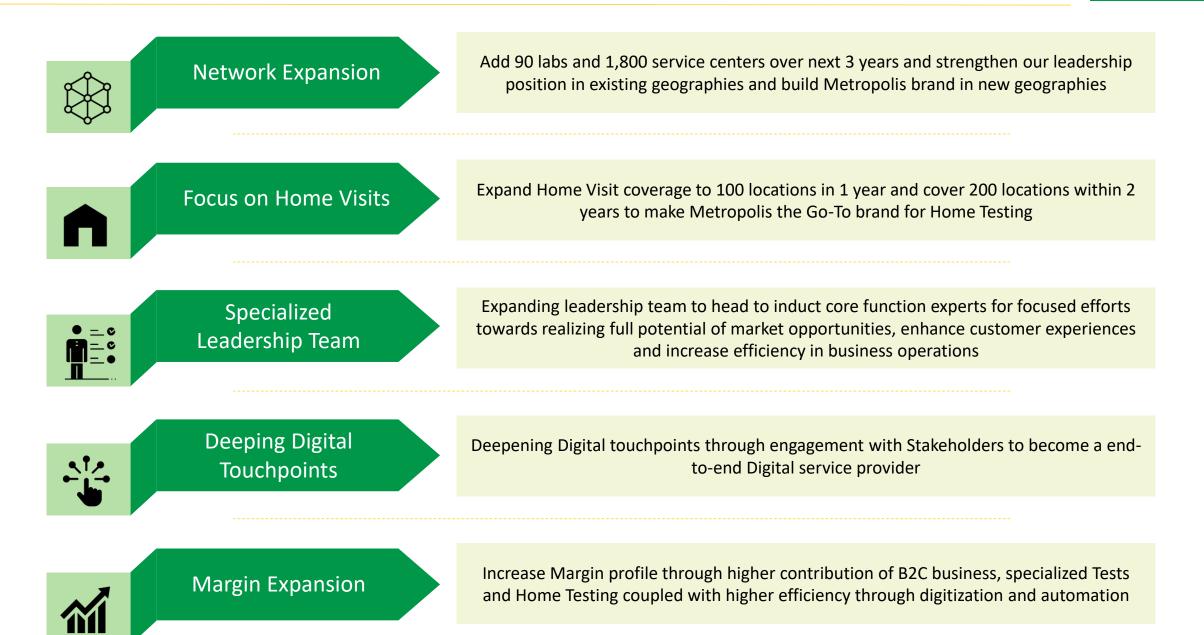

Enhance Profitability through revenue and cost synergies

We expect gradual revenue uptick through product offering of the combined business. On the overhead cost front, we expect significant cost synergies through optimization of operational costs in the areas of procurement, better efficiencies in supply chain, administration and support resource, laboratory network and back office infrastructure.

FY22 and beyond...

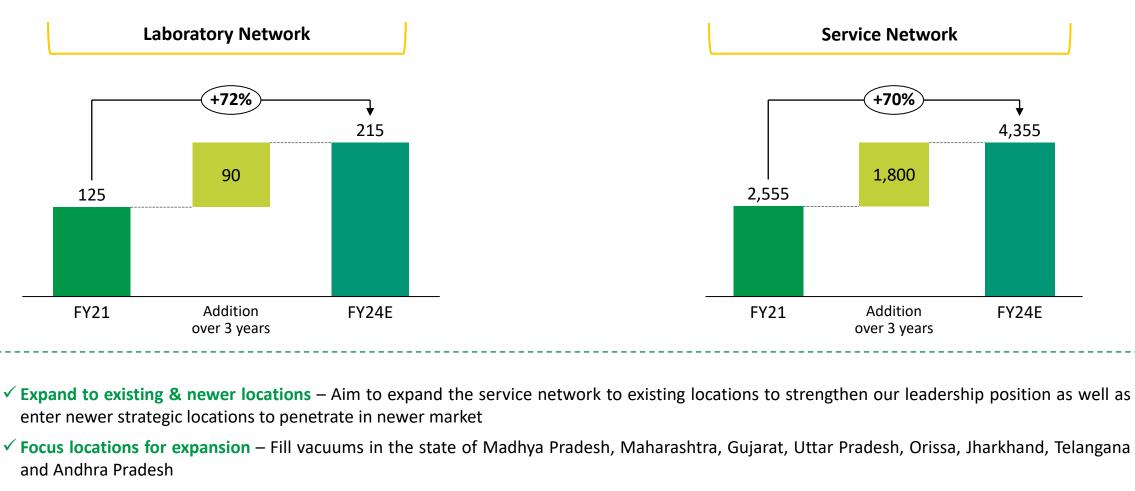

Way Forward for FY22 and beyond...

Metropolis Network Expansion Plan

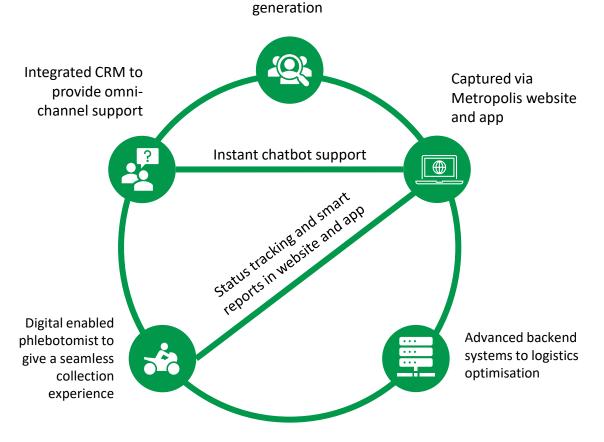

✓ Make Metropolis a nation-wide Brand – Vision to make Metropolis a Go-To-Brand for customers any testing needs

2. Driving growth via digitally driven, asset-light home-visit segment

Rapid scale up via technology drive processes + 3rd party network

Digital demand

Targeting 15% contribution from digital channels by end of FY22, increasing to 33% over next 3 years

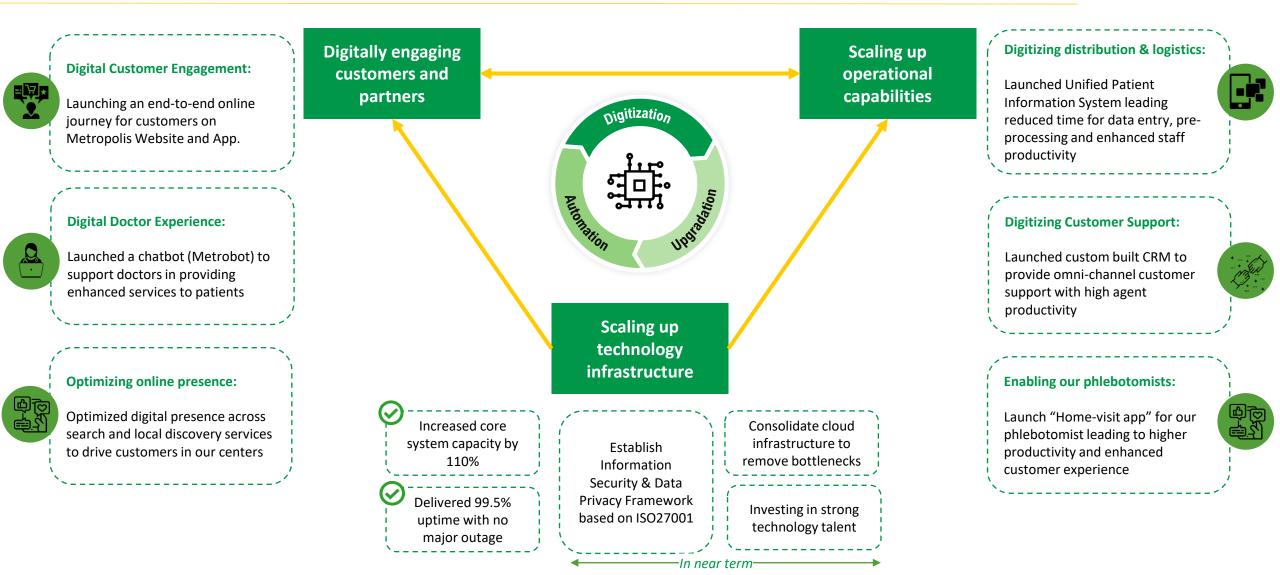

Capturing Changing Demand Covid has brought a strong shift in "At-home" consumption of healthcare services 2 Margin accretive Home Testing enjoys a better 3 FTROP margins profile improving the overall profitability of the business 4 Recipe to enter "Bharat" Expansion into fast growing tier 2/3 cities of India which are still largely 5 "unorganized" **Productivity + asset-utilization** Driving demand beyond immediate catchment area of existing centres

Expand Home Visit services to 100 locations in 1 year and cover 200 locations within 2 years to make Metropolis the Go-To brand for Home Testing

End-to-end digitally enabled home-visit

3. Deepening our digital touch points, capability throughout our value chain

Our focus is to become an end to end digital service provider not only for our customers, but for all our stakeholder including doctors, vendors and healthcare partners

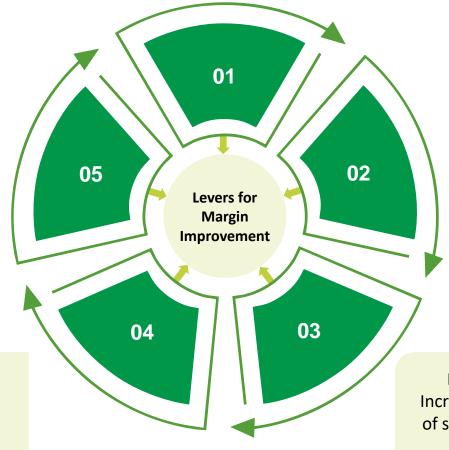

Increased Utilization and Product Mix Higher utilization of Labs and increase in patient visits coupled with superior product mix

Increased Home Visits Increase Home Visits revenue with focused marketing initiatives and expanding the service coverage

Automation

Automation & Digitization across all

processes to control unnecessary costs

Cost Efficiency Initiatives

Encouraging innovation and critical thinking leading to operational & cost efficiency

Increased Revenue & Throughput Increased revenues leading to economies of scale benefits consequently leading to robust margins

Overview

We are Metropolis: The Pathology Specialist

| Vision | To be a respected healthcare brand trusted by clinicians, patients and stakeholders. Positively impact lives of patients in their most anxious times and turn their anxiety in to assurance. | |
|---------|---|---------------------------------------|
| | | |
| Mission | Helping people stay healthy, by accurately revealing their inner health | - 35 Credib |
| | | |
| | | Leading Diagnostic player in India |

EMPATHY

is in our **BLOOD**

ACCURACY is in our

DNA

5+ Years of ble Operations

Presence in 19 States & 210 Cities

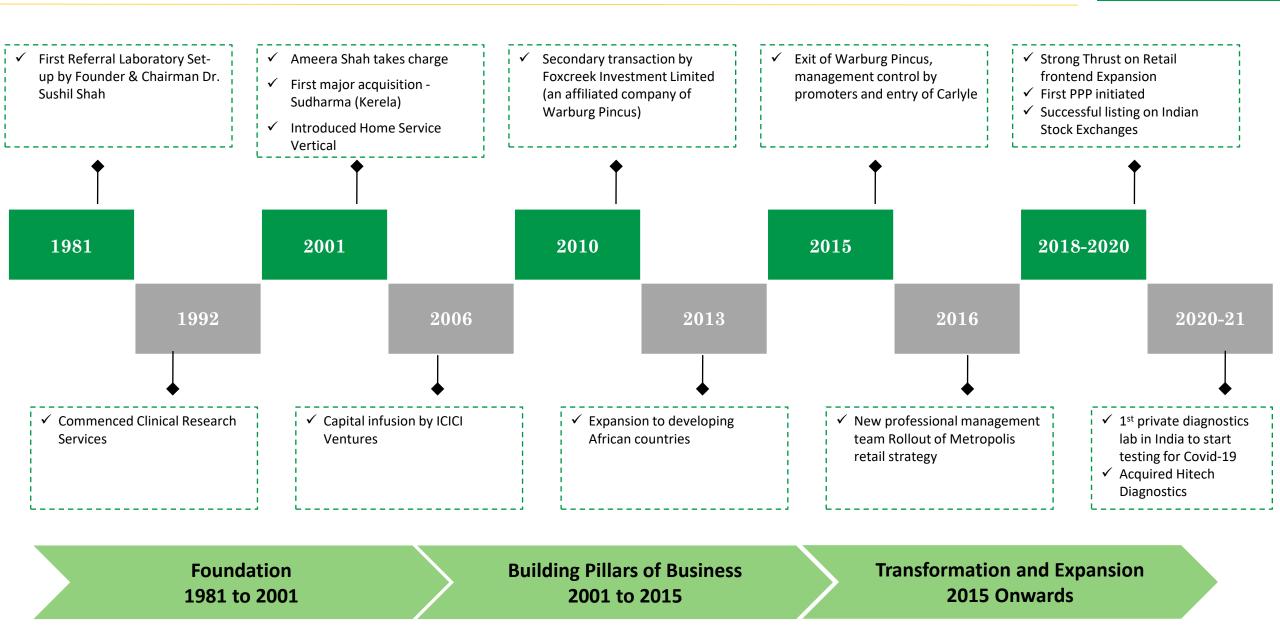

4,000+ Tests & Profiles

19 Mn Tests & 10 Mn Patient Visit in FY21

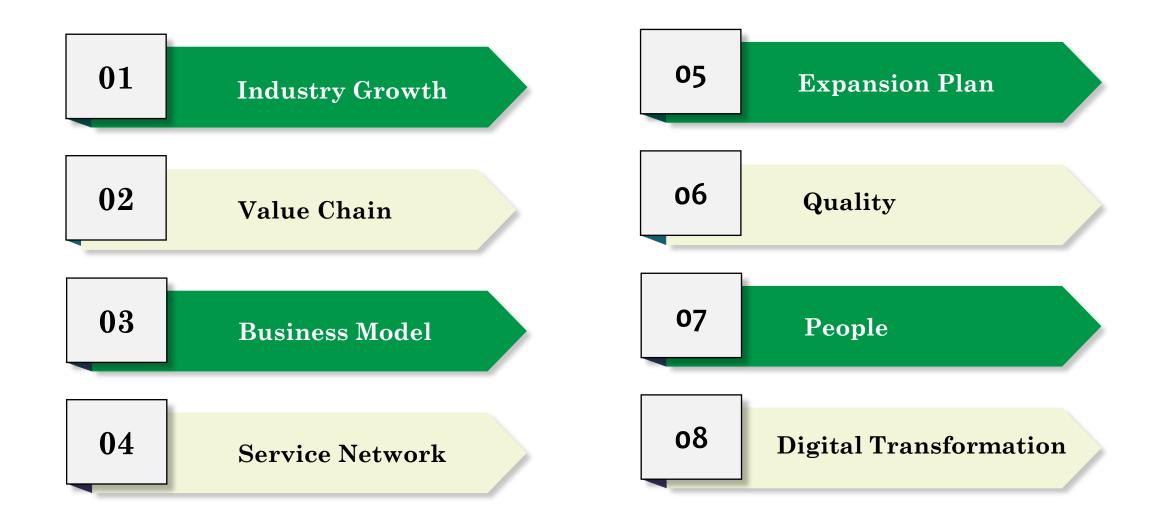

Three decades of Delivering Value to Stakeholders

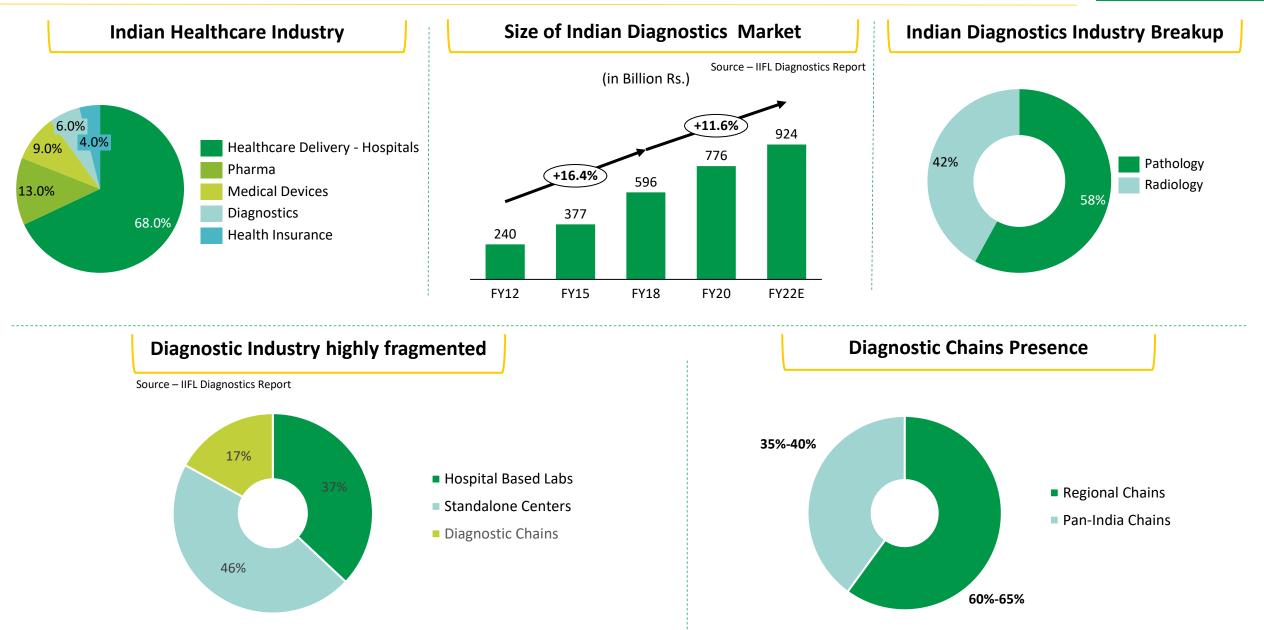

1a. Diagnostic Industry Poised to grow...

1b. Top players to continue to acquire market share of standalone centers

Brand Awareness

Increased brand awareness amongst patients and customers towards quality, reliability and test accuracy

Large Test menu

Large Test menu by organized diagnostics chains

Factors leading Consolidation

Specialized offerings

Increased awareness of specialized tests, bundled test profiles and wellness packages

Less than 20% of the Diagnostics Sector in India is organized with limited Pan India presence and focus on Quality Parameters in Testing

Service

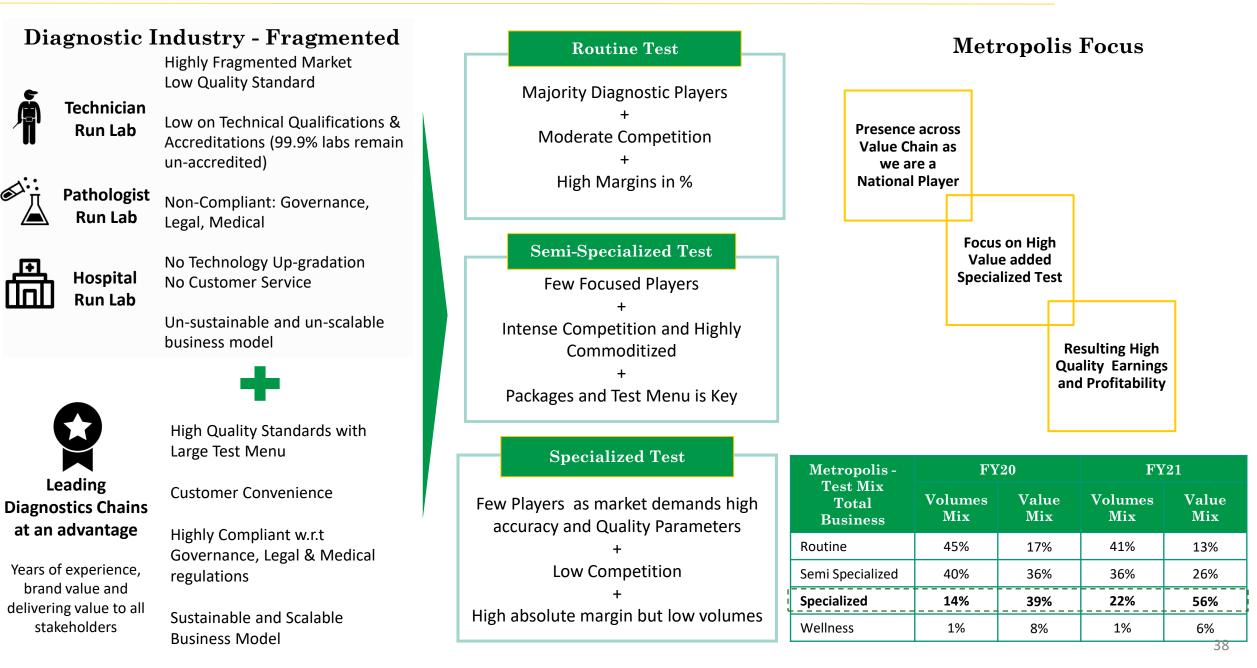

╋

Scale

Metropolis is amongst the Front runners for Consolidation

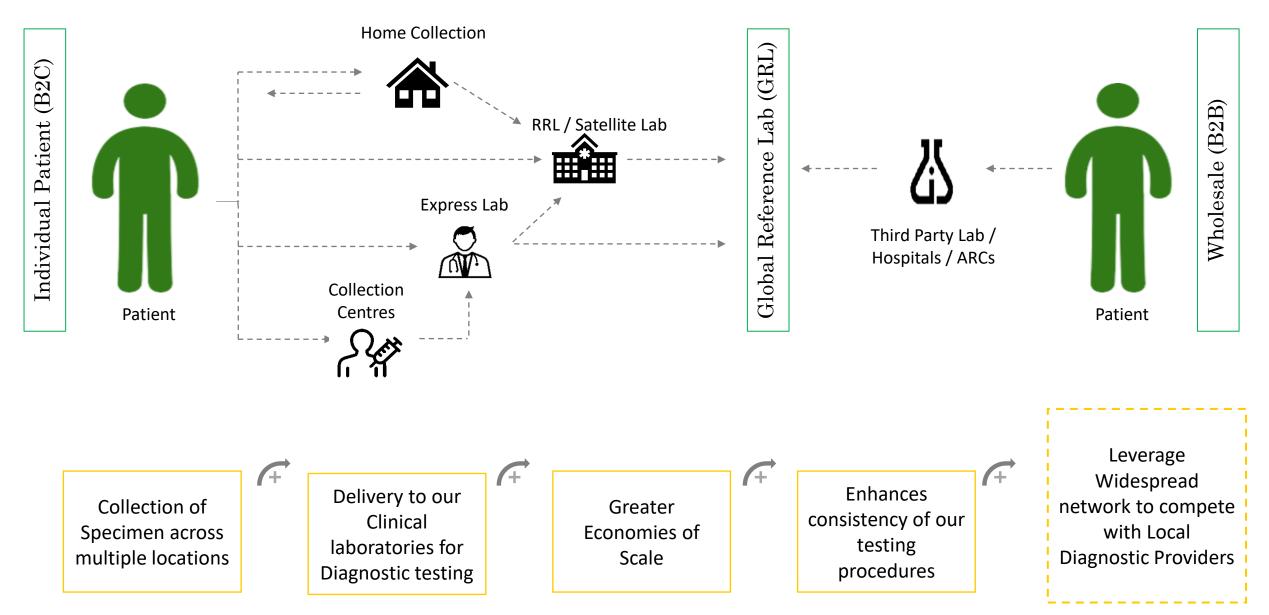

Established track record of successful acquisition and integration in India and overseas

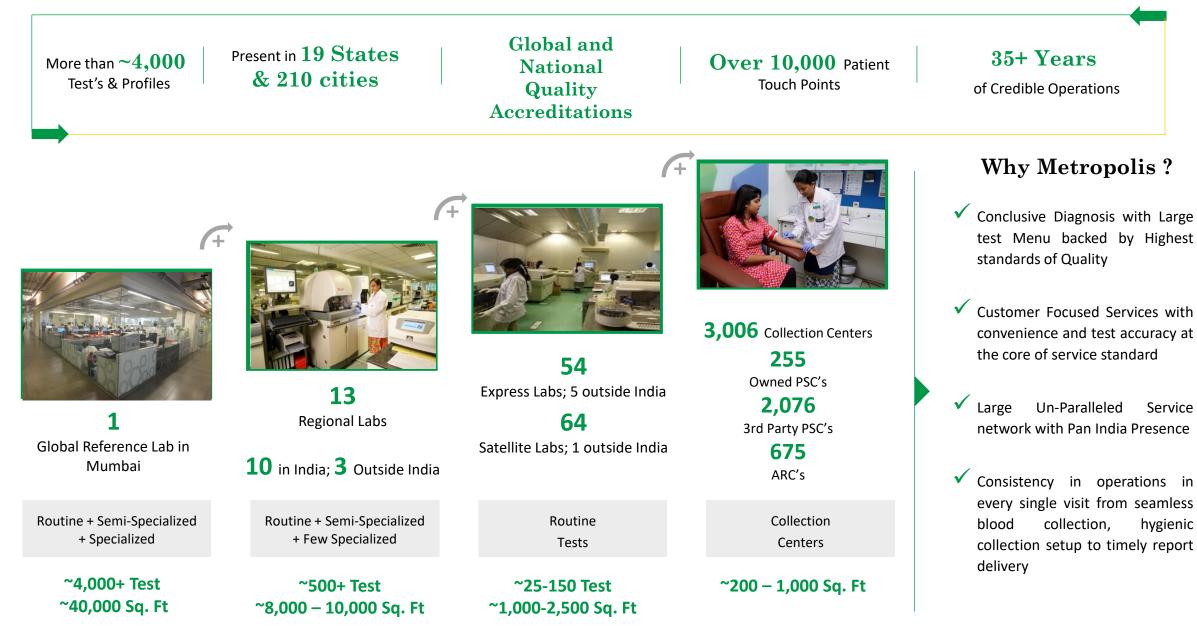

3. Hub & Spoke Model to scale efficiently

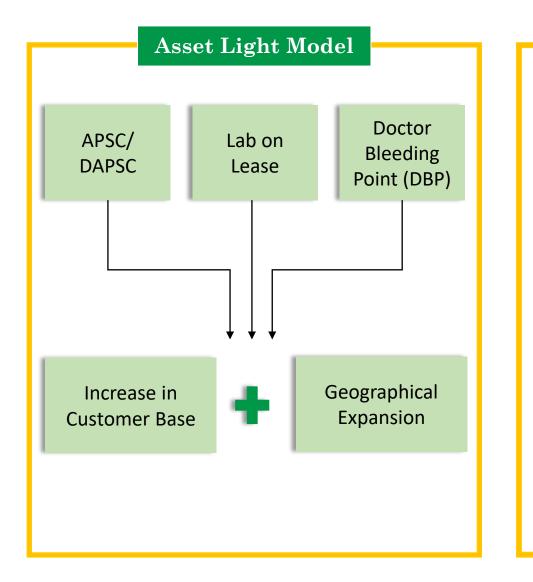

4. Patient Centric Network

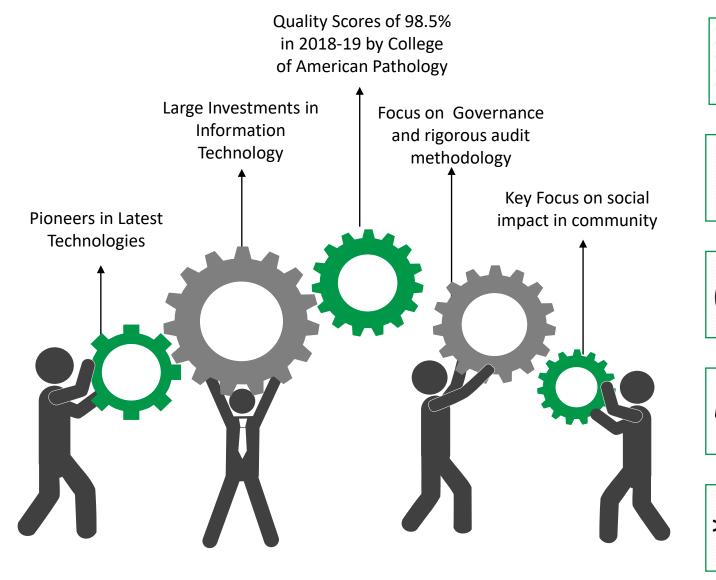

Network Expansion Strategy

- ✓ Focus on Asset Light Model to achieve Geographic Expansion with High Scalability
- ✓ The A-PSC and D-APSC Model allows us to grow our revenues by providing management and branding support while continuing to focus on increased penetration in our PSCs
- ✓ Better Leverage of our Existing Infrastructure by establishing a wider geographic reach which will enable customer base expansion and improvement in profitability matrix
- ✓ Establish strategic partnerships with **3rd Party Patient Service Centers** in India, Africa and Middle East to boost our Geographic reach

6a. Quality in Core

Trust & Sustainability of our Brand is "CRITICAL TO OUR SUCCESS"

Quality protocols following global standards

99.9% of industry labs remain un-accredited with lack of minimum standards in the industry

Best medical talent trained in the Metropolis way

Talent in the industry remains un-trained with no benchmarks of minimum standards

Quality of materials used are USFDA or CE marked

Commonly used materials by industry labs are low quality

Patient experience score as per NPS is at 91%

Patient experience in industry labs is of poor infrastructure, lack of hygiene and safety and un-professional service

Ethical philosophy of putting patient first

Common practice in industry is to take shortcuts to enhance profit

"Global Lab Accreditations"

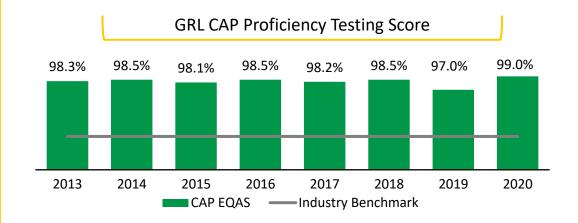

- ✓ Mumbai Lab is CAP accredited since 2005 *(College of American Pathologists, global gold standard in laboratory accreditations)
- \checkmark NABL Accreditation follows ISO-15189 Standard and is recognized by ILAC & APLAC
- $\checkmark\,$ GRL and 11 RRLs have NABL accreditation.
- ✓ More than 75% reports are generated by accredited labs. Many of our doctor's are assessors, lead assessors for NABL.
- ✓ Some senior doctors are committee members of NABL, WHO, Government & NGO committees.

| | No. of Audits Conducted by PAC Team | | | |
|------|-------------------------------------|-------|-------|-------|
| FY | 17-18 | 18-19 | 19-20 | 20-21 |
| ·' - | 665 | 1,312 | 1057 | 583 |

- ✓ PAC Team: Special Pre Analytical Care Team constituted as part of the Quality Assurance Team
- ✓ This team conducts thorough internal audits as per NABL Checklist to ensure compliance for our collection centres and facilities

Organization Strength

Leadership Team aligned to vision of the company.

Business models at par with changes in the fields of Technology & Healthcare and agile structures supporting the operating model.

3

Challenging Work environment. Clear aligned Performance and Purpose

Strong scientific team lead by MD Doctors & Pathologist.

HR Management system for automated process ensuring real time employee related data. Learning management system for upskilling the talent

Strong Culture and Equal opportunity workplace.

4300+ Skilled Member Base | Female Male Ratio- 40:60 | 214 Doctors | 2048 Scientific & Technician Team | Over 60% Millennial workforce

Organizational Imperative

Investment in future leaders across levels and ahead of time.

Strengthening Structures to support objectives. Clear roles and accountabilities

Upgrade Capabilities & Skills create Talent Edge for MHL Business

Leverage Technology and Innovation at every stage. Superior execution of programmatic work processes

Build shared purpose and highperformance behaviors. Leverage People, Process & Platform capabilities as unique differentiators for change

8. Leveraging IT for Competitive Advantage

3

Improving Business revenue generation capabilities

- ✓ IBM Watson Campaign Automation will help improve in additional leads and tracking
- ✓ Lead Management system will help improve lead conversion rate
- ✓ Data Analytics model on customer data will improve Cross-Sell and Upsell

Cost Saving & Optimization

- ✓ Launching a Pricing Engine for better Revenue Assurance
- ✓ Payment Platform improving controls in Cash Management Process
- ✓ Network Bandwidth Optimization (SD-WAN)

Improved Operational Efficiency

- ✓ Zero Data Loss; 100% data replication in remote location
- ✓ Implementation of Sample tracking process to Improve Visibility of Customers & Turn Around Time (TAT) of reports.
- ✓ Automating HR processes through HRMS for better tracking and possible productivity.
- ✓ Introduction of Learning Management System to training and development goals.
- ✓ Automated Quality System to track quality standards across the group

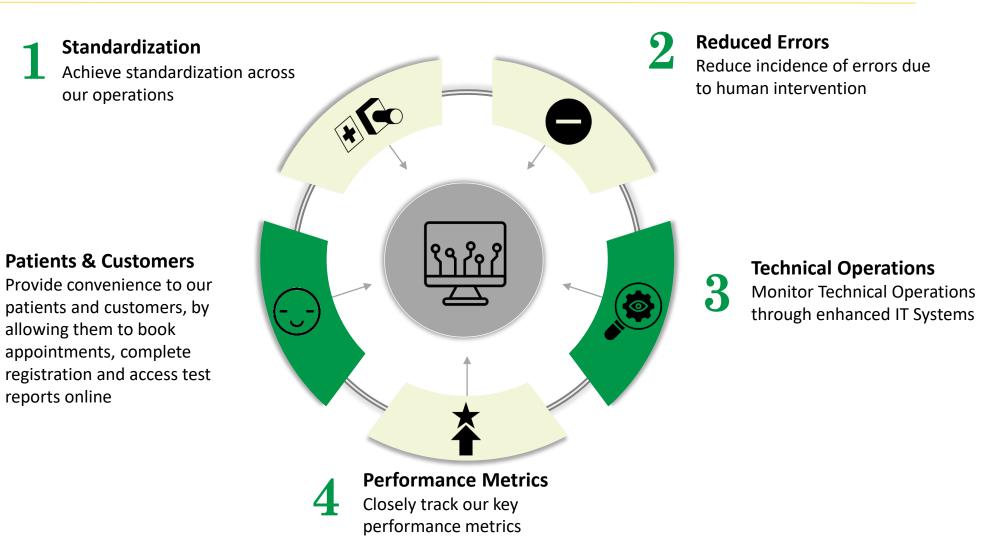

Improve Customer Experience

- ✓ Mobility Applications for consumer's ease of access
- ✓ Service CRM implementation will help improve NPS
- Feedback Management will increase percentage of patient providing instant feedback and rating

8a. Digital Transformation to improve efficiency

5

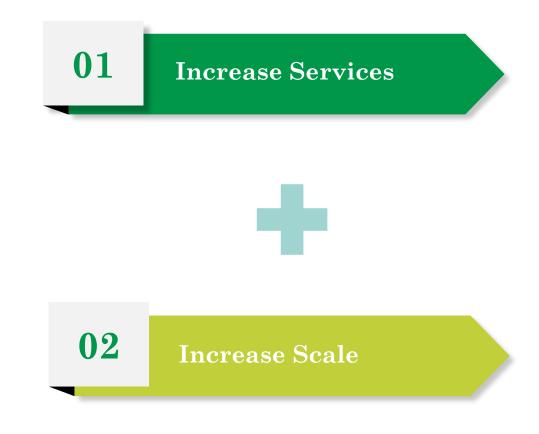

Our information technology system allows us to fully Integrate and Automate processes ranging from **Registration, Bar-Coding and Billing of specimens to Analysis and Reporting of Test Results**

Customer Centricity: In everything we do

Easy to Interpret Test Report

We offer our patients a Detailed Test Report which covers Result Trend Analysis and Patient Specific Interpretations and comments by our Doctors for certain tests and conditions

Sample Collection from Doorstep

We have increased scope of our Home Collection service to ~200 cities in India

Conclusive Diagnosis

We also have a policy of ensuring Conclusive Diagnosis to our patients, even if it involves incurring additional costs for us, by way of Re-Checks and Reflex testing on alternate technology

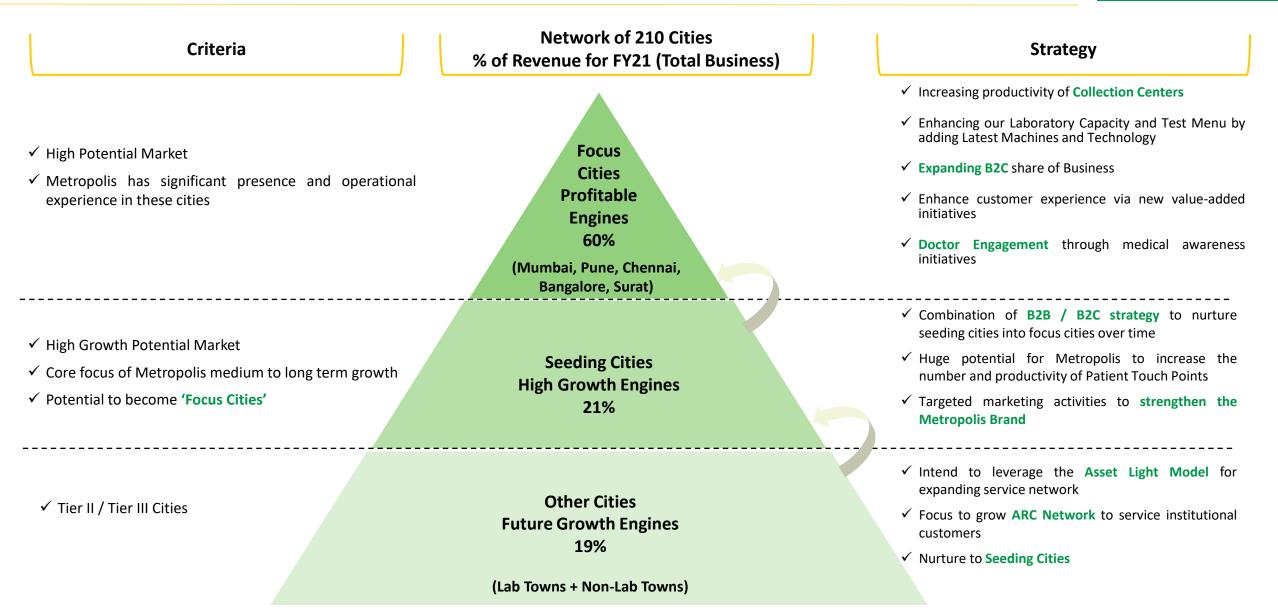

Digital Access

We have developed a Mobile Application

- ✓ For scheduling house calls
- ✓ Accessing Test reports
- ✓ Receiving Test Reminders
- ✓ Online requests for Billing Information

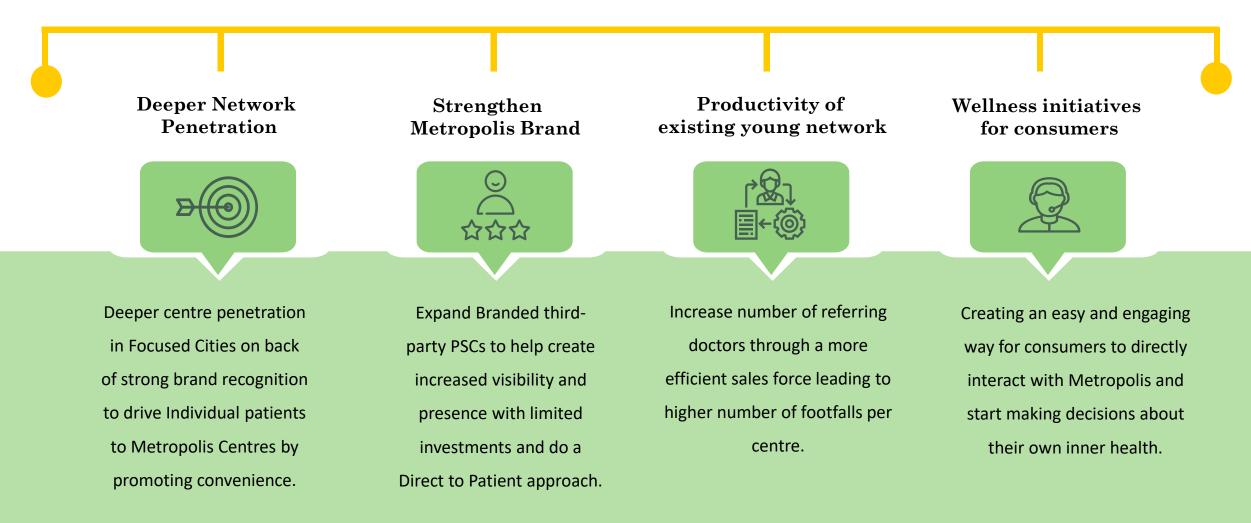

Sustainable Growth across Network

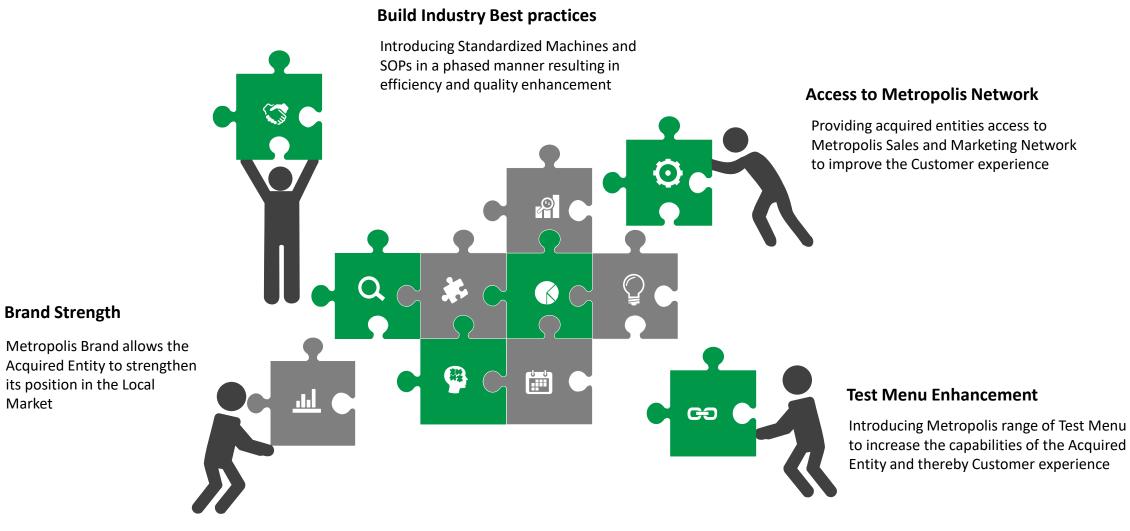

Increase B2C sales mix

Market

Established Track Record of Successful Acquisition and Integration

51

Successful Track Record of Inorganic Strategy : 23 Acquisitions in 16 years

| Few of the Acquired Companies | Year of Acquisition | Location | Revenue at the time of acquisition | Revenue for FY21 |
|--|---------------------|-----------|------------------------------------|------------------|
| Sudharma Metropolis Health Services Private Limited | 2003 | Kerala | Rs. 1.8 Crores | Rs. 44.9 Crores |
| Golwilkar Metropolis Health Services (India) Private Limited | 2006 | Pune | Rs. 3.9 Crores | Rs. 48.9 Crores |
| Desai Metropolis Health Services Private Limited | 2008 | Surat | Rs. 3.4 Crores | Rs. 38.3 Crores |
| R.V. Metropolis Diagnostics & Healthcare Centre Private Limited | 2008 | Bangalore | Rs. 3.6 Crores | Rs. 41.6 Crores |
| Dr. Patel Metropolis Healthcare Private Limited | 2012 | Nasik | Rs. 1.8 Crores | Rs. 25.1 Crores |
| Sanjeevani Rajkot | 2017 | Rajkot | Rs. 12.0 Crores | Rs. 18.8 Crores |

Metropolis has successfully improved the Performance of the Acquired Businesses as well as grow scale of operations, achieve economies of scale and increase operating efficiency thereby improving Market Position

Growing our offering of Test Packages to Increase Revenue Metrics. Customized packages to Institutional Customers and Personalized Packages to Individual Patients are key

Leverage our vast capabilities in Molecular Diagnostics, Oncology, Cytogenic where there is Less Competition and Higher Margins due to Advanced Technology, Skilled Manpower and Complex Processes Involved

Selectively Participate in PPP Tenders in India by leveraging our experience with the execution of the NACO Order. Large opportunities exist in African markets on PPP basis

Targeting healthy individuals with sedentary lifestyles are prone to diseases such as cardiovascular and diabetes ailments. Precision medicine, focus on preventive care, walk-in/direct-to-customer services to drive growth

Expansion

Aggressive Network Expansion to go closer to Patient + Seeding Cities emerging as New Focused Cities

67% of Existing Patient Touch Points added during FY17-21. Maturity of this Young Network will fuel growth

Inorganic Strategy of Expanding Metropolis Reach to more locations in existing cities of presence and new cities

STRENGTHEN METROPOLIS BRAND TO 'BE THE ONLY CHOICE OF PATIENTS'

CSR Activities

Nutrition Box Project

✓ Nutrition boxes delivered to doctors and healthcare workers posted in COVID Care Centers, Municipal Corporations and COVID Hospitals by Metropolis with the help of WE Foundation

Covid Testing Projects

- Project Ummeed In association with Citibank & CIPLA Foundation and United Way of Mumbai, completed 1.25 lk RT-PCR Tests in 22 Municipal Corporations across Maharashtra
- Tie up with DBS Bank and ICICI Prudential for COVID testing of underprivileged citizens and frontline workers including Bus Drivers, Sanitization workers, Police officers etc.
- ✓ Millions of tests across 15+ COVID approved labs. Other tie-ups include HUL and MSL Driveline

CSR – Covid Projects

TOO shy TO ask

MEDENGAGE - Metropolis awarded 90+ Scholarships to Medical Students in FY20-21 worth 50 Lakhs under its flagship initiative MEDENGAGE. Over 1200 students applied for Medengage benefits from 200+ institutes across the country

TOO SHY TO ASK - Our app for adolescent and reproductive sexual health education titled TOOSHYTOASK reached over 80,000+ installs. Our regular education column in MidDay had a reach of over 1,50,000+ every week. In addition, our experts answered over 20,000 queries from April 2020 to March 2021.

METHEALTH - Under METHEALTH, our initiative for Health Awareness and education, we reached out to over 25,000+ women and facilitated online doctor consolations during the lockdown. 25+ Live Instagram Sessions for PCOS were conducted in association with the PCOS Society of India. PCOS Management tools were built online to assist women with PCOS amidst the pandemic.

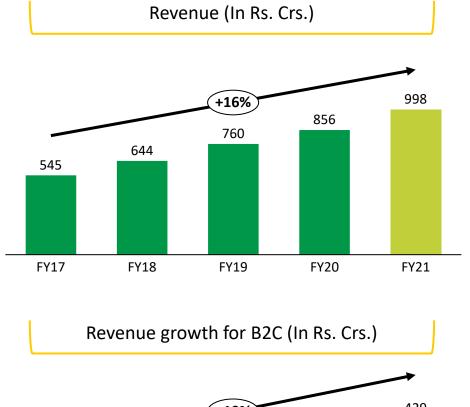

EMPOWERESS - Empoweress, our initiative to empower women business owners included fortnightly focus group chats between entrepreneurs and we facilitated 15+ Live Leadership talks to help women business owners tide over the challenges posed by the pandemic.

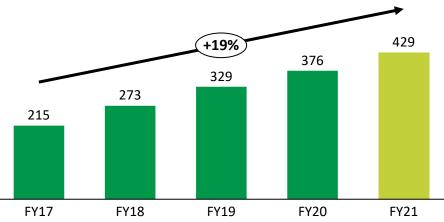

Metropolis CSR Projects

Historical Financial & Operational Performance

Better than industry growth

Bolstering Growth in Wellness Segment

Metropolis Wellness revenue contribution for Metropolis is 6% in FY21

This market is expected to grow at a CAGR of 20% over next 3 financial years (Frost & Sullivan)

Customers today are serious about wellness and choose to undergo preventive screening to safeguard their health and diagnose conditions before they turn in to complications

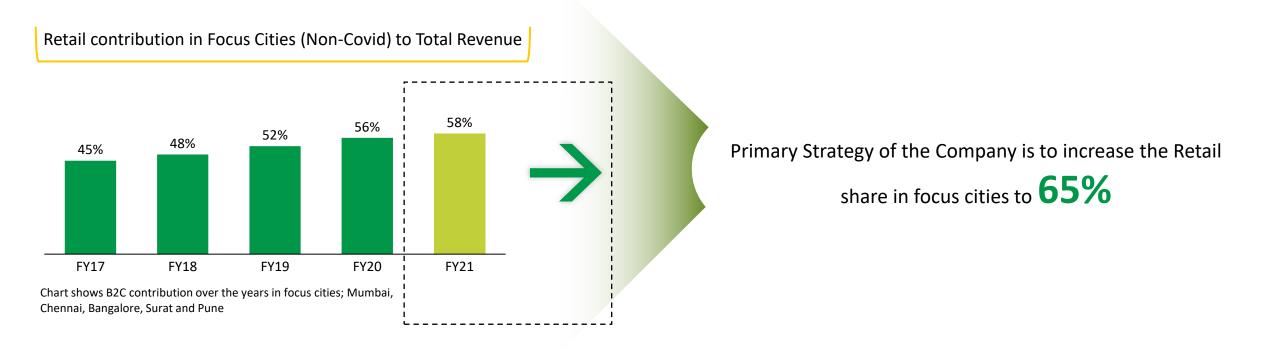

This segment is termed as wellness as opposed to the illness wherein the patient has to undergo tests when they are prescribed tests during sickness

Wellness & Preventive Diagnostics market is 7% to 9% in FY2018 (Frost & Sullivan)

Well growing B2C Mix

B2C contribution in the last few years has seen an upward trend owing to:-

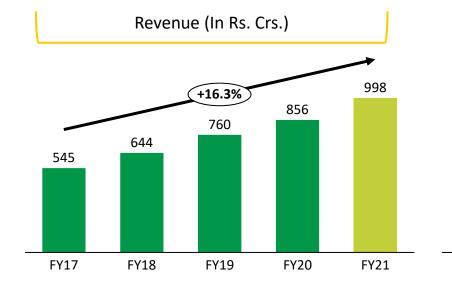

- ✓ Aggressive network expansion to go closer to the patient
- ✓ Integrated Brand building campaigns to establish Metropolis as a trusted brand in the mind of consumer and the doctor
- ✓ Building awareness amongst doctors for quality and service differentiators of Metropolis vs the unorganized sector
- ✓ Obsessively monitoring customer experience and generating an NPS (*Net Promoters Score) of 91 across the group

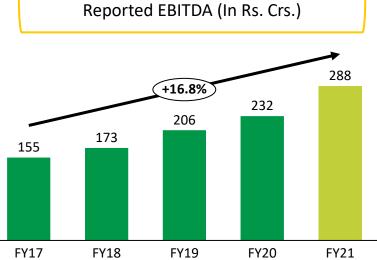

On Consolidated Basis

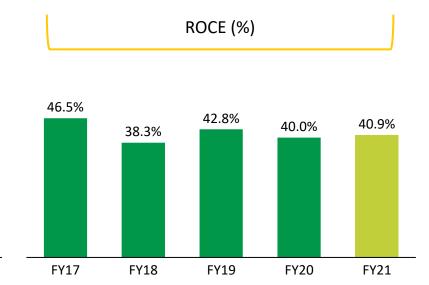

*Net Promoter Score is a management tool that is used to gauge the loyalty of a firm's customer relationships

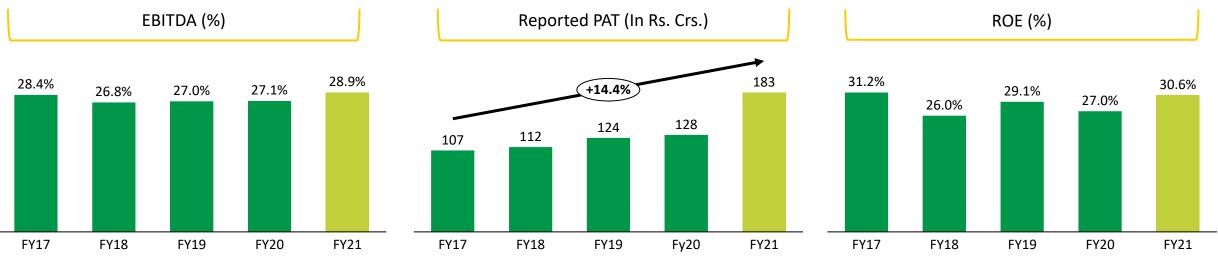

Financial Highlights

METROP US The Pathology Specialist
